Fri, 11 May 2018 00:28:00 GMT - Instructional improvement efforts focused initially on literacy. Developing students' reading and writing skills is the single most important goal of elementary education. This work engages a substantial amount of time and effort from almost all members of an elementary school's faculty, and was a strategic choice for where best to begin.

Fri, 27 Apr 2018 12:05:00 GMT - Praise for Organizing Schools for Improvement "Let us hope this book redirects our attention to what really matters in urban education. Beneath the numbers, there is a fundamentally optimistic view of the potential of urban schools. The authors give us every reason to believe that understanding the organizational and cultural dynamics of ...

Fri, 11 May 2018 00:42:00 GMT - In 1988, the Chicago public school system decentralized, granting parents and communities significant resources and authority to reform their schools in dramatic ways. To track the effects of this bold experiment, the authors of Organizing Schools for Improvement collected a wealth of data on elementary schools in Chicago. Over a seven-year period they identified one hundred elementary schools ...
